WORK EXPERIENCE

2011 - Present, Senior Front-End Developer
Miranda Creative, Inc. • Norwich, CT

In this role, I have had the opportunity to play a part in all aspects of front-end web development while creating engaging websites for a diverse array of companies and community organizations. I am responsible for interfacing with the client, contributing to content strategy, designing and critiquing UI mockups, writing code, and providing ongoing website maintenance. This position requires both self-motivation and teamwork, strong aesthetic sense, creative problem solving, and the ability to positively utilize criticism. I also have the privilege of providing leadership for my junior colleagues.

2009 – 2011, Graphic Designer, Web Designer
The National Institute for the Clinical Application of Behavioral Medicine • Mansfield, CT

I produced the design and code work for numerous web pages. I also designed, coded, and implemented several WordPress blog themes. I maintained the company's website and served as a consultant on NICABM's marketing team.
